

*During the 2023 Cycle, TWDB provided an original list of political subdivisions within the Lower Rio Grande Region that were thought to potentially have some degree of flood-related authority. The RFPG was tasked with identifying entities with flood-related authority, interest groups with no flood authority, and entities with no flood authority to be removed from the list.*

*This cycle, the technical consultant requests the RFPG to confirm this list of entities, For example, between 2023 and 2028 cycles, Santa Cruz Irrigation District 15 and Hidalgo County Water Improvement District 3 combined into Hidalgo County Consolidated WCID. If you have requested edits, please email [Region15@halff.com](mailto:Region15@halff.com).*
